Sub: Raw data with respect to granular income/revenue statements of ICANN from 1999-2011

We would like to thank ICAN for their prompt response to our earlier requests. We appreciate that the granular Revenue Details for FY14 have been posted online.¹ We also appreciate that a similar document has been posted for FY13.² And we hope that one for FY12 would be posted soon, as noted by you in your Response to our Request No. 20141222-1.³

As also noted by you in the same request, similar reports cannot be prepared for FY99 to FY11 since “[i]t would be extremely time consuming and overly burdensome to cull through the raw

data in order to compile the reports for the prior years”.⁴ Additionally, it was also mentioned that the “relevant information is available in other public available documents”.⁵

Hence, we would like to request for the **raw data for years FY99 to FY11**, for our research on accountability and transparency mechanisms in Internet governance, specifically of ICANN. Additionally, we would also like to request for the **links to such public documents** where the information is available.

We look forward to the receipt of this information within the stipulated period of 30 days. Please feel free to contact us in the event of any doubts regarding our queries.

Thank you very much.

Warm regards,

Centre for Internet and Society (CIS) is a non-partisan, not-for-profit research organization based out of Bangalore and Delhi, India. Since 2008, CIS has performed groundbreaking research in technology and the law. Our research competence extends across free and open source software, open data, open government and right to information, accessibility and rights of disabled persons, intellectual property, access to knowledge, privacy and Internet governance. We are currently involved, inter alia, in a research project in Internet governance, where we are studying transparency, accountability and effectiveness of Internet governance institutions. Our project is generously funded by the MacArthur Foundation.
