Hello Ican Team,

I would request you to help and guide us to get our domain back from Godaddy.

With my log discussion with GoDaddy support team neither they are responding over email whereas they have confirmed over phone they have registered my case.

I would like to bring it to you notice that they have i did renewed all other domain which has the same expiry like below domain but below domain was invisible after completing order then i notice it is also not in Invoice.

After that i called GoDaddy who is the registrar for this domain and from last 15+ year's we are doing it.

This is our digital property only Ican is rights to take it no one else can take it with even informing us.

Would request you to help us in resolving this issue urgently.

Reference communication attached for your immediate reference i can provide all last 10-15 year's invoice for your reference.

Thanks

Amy

[ICANN | Descriptions and Contact Information for ICANN-Accredited Registrars \[icann.org\]](https://www.icann.org/registrar-reports/accreditation-qualified-list.html)

Registrars in this list have signed the 2013 Registrar Accreditation Agreement ("RAA"), which is the most current contract governing the registrar relationship with ICANN.
