

Dear Registry Operator,

On 28 September 2023, ICANN shared an invitation from the Registries Stakeholder Group (RySG) for you to join their webinars to discuss the proposed amendments to the Registry Agreement on Domain Name System (DNS) abuse. However, the second webinar conflicts with a major holiday in the Asia-Pacific region, and therefore the 5 October webinar will be pushed out one week. The new information is as follows;

Thursday, 12 October 2023, 1:00-2:00 UTC

<https://icann.zoom.us/j/97098954888?pwd=TTcxR3NRemIzS3dWZUJkUVRXenBQUT09>

Note that there is no change to the webinar on [Wednesday, 4 October 2023, 15:00-16:00 UTC](#)

As a reminder, these webinars will offer you the chance to learn about the proposed amendment and voting procedure, hear from members of the team who negotiated the amendment, and discuss its operational impacts with fellow registry operators. You do not need to be an RySG member to attend and all registries, regardless of membership, are encouraged to attend.
