

Subject: [DIDP] Information Disclosure Request
Date: Monday, April 27, 2015 3:53:08 AM Pacific Daylight Time
From: James Bridle
To: didp@icann.org

Dear Sir or Madam,

I am a UK-based writer and journalist researching the history of domain delegation. Under ICANN's Documentary Information Disclosure Policy, I am hoping that you can help me to obtain any and all documents available which relate to the delegation and operation of the .io domain, including correspondence between ICANN and the delegate, and any other information held. I appreciate that some of this information may be considered privileged and nondisclosable, but if you could assist me in outlining what information is available, I can be more specific in describing what I am looking for.

Yours, with thanks,

James Bridle
