We write pursuant to the ICANN Notification and guidance on the Net4 India Registrar Termination Notice.

The Bharti Group has several domains hosted on the Net4 portal, a list of which is attached. Consequently, these domains have been rendered inaccessible. Most unfortunately, the email services associated with these domains have been impacted.

In accordance with the ICANN notification, the authorised signatories have filed several online requests to obtain the AuthCodes. The details are as under:

1. 01027820
2. 01027420
3. 01026834
4. 01027615
5. 01027605

The said signatories/legal teams of the Company are also marked on this email. We have provided all supporting documents in the requests, as were readily available with us. However, you will appreciate that more documentation may not be possible, in view of the fact that some of emails servers are unreachable. Nevertheless we would render all assistance possible.

In view of the fact that the email and other essential business services have been rendered defunct, we request your urgent intervention to obtain the authcodes for the domains enlisted hereinabove.

We look forward to hearing from you at the earliest and thank you for your assistance in this matter.

Subject: [Ext] Domain Transfer Issue Net4.com

Date: Thursday, April 15, 2021 at 9:36:51 AM Pacific Daylight Time

From: It Perfect Honda Tvm

To: Leticia Castillo, globalsupport@icann.org

Dear Sir / Madam,

We are one of the leading automobile dealers (Pothens Group) from South Kerala, India. We have purchased 5 domains from Net4.com.

1. www.harryford.in [harryford.in]
2. www.pothenshyundai.in [pothenshyundai.in]
3. www.pothenshyundai.com [pothenshyundai.com]
4. www.pothensmahindra.com [pothensmahindra.com]
5. www.pothensgroup.com [pothensgroup.com]

As you were aware Net 4 India Limited (IANA# 1007)(Net4.com) was closed due to bankruptcy and no more support is there. We communicated with NIXI (National Internet Exchange of India) support registry and we were able to transfer two .in domains from Net4.com to resellersclub.com [resellersclub.com]. But the remaining three .com domains (www.pothenshyundai.com [pothenshyundai.com], www.pothensmahindra.com [pothensmahindra.com], www.pothensgroup.com [pothensgroup.com]) were unable to transfer. Now the www.net4.com [net4.com] is not working. Our all official G-suit Mails are linked through these domains. Now this has already affected our business also. So we need to transfer these domains to our new registrar (resellersclub.com [resellersclub.com]). In this pandemic situation we can't do anything without these mail functions. Kindly advise how to transfer these domains. Please Support.
