Subject: Reminder: URS password update required

Dear Registry Operator,

Our records show that you have not updated the Uniform Rapid Suspension (URS) password as requested in April 2017.

Please update the password(s) for the gTLD(s) listed below which you are listed as a contact.

If you have any questions or do not have GDD portal access, please send an email to globalsupport@icann.org. Should you have multiple TLDs, you may open a case in the GDD portal for information about how to perform bulk updates.

We strongly encourage you to change your passwords regularly.

Thank you,

Michaela Quinzy
Senior Director, Global Support
ICANN

Instructions for updating the URS password:

- Login to the GDD portal
- Select a TLD
- Click on the "Registry ONBIR" work item
- Scroll down to the Uniform Rapid Suspension (URS) section
- Update the URS password with a complex password
- Confirm the URS password
- Scroll to the bottom of the screen and click "Submit"
